

# We have *moved*

## Planning your journey to our new site:

### From London Heathrow

We are about 70 miles from London Heathrow by car. To get the train to Salisbury you would need to travel into London, then board a train for Exeter St David (at London Waterloo) stopping at either Andover (all trains stop), Grateley (every other train stops) or Salisbury (all trains stop). All are about equal distance and time from Porton Science Park. We can collect you by car, or taxis will be available from Andover and Salisbury (but not Grateley).

### From London Gatwick

London Gatwick is about 100 miles from us. Car is the only practicable option for travel.

### From Southampton Airport

Southampton Airport is about 30 miles from us. The train station is at the airport terminal, and there is one change to reach Salisbury. Depending upon flight times we may be able to collect and/or return you to the airport.

### Fluorogenics LIMITED

The Beech-Allen Building  
Porton Science Park  
Bybrook Road,  
Porton Down,  
Salisbury,  
Wiltshire SP4 0BF

### Sat Nav

You must direct your SATNAV to arrive via Porton Village. There is no access to the Porton Down Science Campus through Idmiston village.
